

Career Foundations Course

To navigate a successful job search, it is important to have the right tools and the right connections. Our team is here to help you develop your personal brand, build your professional network and prepare impressive application materials.

In the [Career Management Foundations Course](#) we ask you to first update your resume and LinkedIn profile using the template, videos and resources provided. If you haven't done that yet, please do it soon. Once you have updated your resume and LinkedIn profile, submit them for review. Our team will review them thoroughly and provide feedback.

Remember that the completion of this course is critical if you're interested in obtaining a full-time job after you complete your degree. All deliverables are due by June 2.

Career Management Foundations Course

Make this a priority so that your documents are ready for when you arrive on campus.
