Subject: Required preparatory courses to take

**Gies College
of Business**

Master of Science in Business Analytics

Dear ,

To help you prepare for the Illinois Gies MS Business Analytics (MSBA) program, you need to complete the two quantitative preparatory courses listed below by August 7, 2022. These will count for a small part of the grade in one of your first courses. You will submit the certificates of completion at the beginning of orientation.

As an incoming Illinois student, you can take these courses for free. To [access the courses](#) you will need to have your NetID. If you haven't set it up yet, refer to the instructions in the [New Student Checklist](#).

These courses will help maximize your MSBA experience and get you started on the right foot. Simply register for the courses at the links provided below.

Mark Your Calendar

June 1: Start accessing the Career Management Foundations course. Review checklist for more details.

Early June: "Get Ready for Gies" Virtual Event Series begins and will help orient you to campus life in a fun and informative way. More details to come.

Week of August 8: One-week optional in-person orientation activities. This will be a great opportunity to get to know your cohort! We will also have a registration info session this week where you can learn all about your classes and what to register for. More information to come. *Make sure to look into housing now to ensure move in before this date.*

Week of August 15: One-week in-person **mandatory** orientation begins. It is expected that all MSBA students arrive by August 15 in order to attend.

August 22: First day of classes
