**Gies College
of Business**

Master of Science in Management

Housing Resources

As you're looking into housing options, I wanted to share a couple attachments that explain apartment styles (both university housing and off-campus housing), commuting to campus, and neighborhoods around campus. Wondering where students hang out outside of class? We've got you covered!

Also, keep in mind orientation dates as you are securing your living arrangements. The **mandatory in-person Gies Management Academy begins on August 8 and continues for two weeks through August 22**. These orientation activities will be part of your Fall 2022 semester grades, so attendance is important and required.

Sincerely,

Mark Your Calendar

June 1: Start accessing the Career Management Foundations course. Review checklist for more details.

Early June: "Get Ready for Gies" Virtual Event Series begins and will help orient you to campus life in a fun and informative way. More details to come.

Week of August 8: Two-week in-person mandatory Gies Management Academy begins. *Make sure to look into housing now to ensure move in before this date.*

August 22: First day of classes
