1. University Acceptance and U.S. Immigration Documents

1. Notice of Admission (“NOA”)

- The NOA is required for your visa application and many on-campus processes when you first arrive. Please check that your Date of Birth is correct. Please note that this is a two-page document.
- Your **University ID Number (UIN)** and **Activation Code** are printed on the back of your Notice of Admission. Your UIN and Activation Code are needed to claim your University of Illinois NetID and email. This is explained further under item II. “*Claim your NetID*” below.
- **You do NOT need to accept or decline this offer.** Please do **NOT** go to the Office of Admissions or the iStart websites to accept or decline your offer.
- The **Term/Year** indicates the first semester that you will be at the University of Illinois at Urbana-Champaign. Please refer to your **Certificate of Eligibility for Exchange Visitor (J-1) Status** or **DS-2019 (Box #3)** to verify that you have been admitted for the correct number of semesters.

2. Certificate of Eligibility for Exchange Visitor (J-1) Status (also known as your **DS-2019**)

- This is a VERY IMPORTANT DOCUMENT required for your visa application and to re-enter the United States after your arrival into the country. Do not lose this document!
- Your DS-2019 will expire on a set date -- please see the DS2019 for the “From” and “To” dates.
- We cannot email the DS-2019 to you. The original will be sent by express mail.

3. Very Important Immigration Information for ALL International Students

- Please read through this single-page document. Please note that all applicants must pay the **SEVIS fee** to the U.S. Immigration and Customs Enforcement agency (part of the U.S. Department of Homeland Security) before they will be allowed to apply for a J-1 visa. **Students are responsible** for the SEVIS fee. The fee is NOT covered by the University of Illinois. For more information, please visit:
iss.illinois.edu/students/incoming/pre_arrival/immigration.html
- For more information on **mandatory** check-in with International Scholars and Services (ISSS), please see:
https://iss.illinois.edu/students/incoming/orientation/sum_orientation.html

2. Claim your NetID and email address

Your NetID will be your most important electronic ID at the University of Illinois and you will use it for just about everything. The most immediate uses will be for making your University Housing reservation and for course registration (subject to College holds and restrictions). Your NetID is a name assigned to you that is unique across all University of Illinois campuses. It serves as your login to University computing and networking services and also determines your University email address, which will be your NetID@illinois.edu.

- To claim your NetID, go to netidclaim.illinois.edu and follow the instructions. You will be asked to enter your UIN and your Activation code. Protect your NetID and NetID password. Do NOT share your NetID or NetID password with anyone.
- Your email will be set up when you have completed the claim NetID process.
- Log in to your email inbox at outlook.office365.com.

4. Virtual Pre-Arrival and Mandatory On Campus Orientation

There will be a virtual Pre-Arrival Orientation that you are strongly encouraged to attend. Covered will include: University Housing, International Student and Scholar Services, Student Health Insurance, COVID-19 updates, and College Information Sessions. You will receive an email with details and instructions on how to register. Watch your email!

The mandatory On Campus Orientation will be held in person on Wednesday, January 11th, 2023. Additional details, including time and location, will be sent by email.

5. COVID-19 Information

Exchange students will be required to fully comply with institutional COVID-19 protocols and adhere to any other health and safety measures that will be in place for all other students in accordance with health guidance issued by the Illinois Department of Public Health. Please review the university's current [COVID webpage](#) for the most up to date information.

As of November 8, 2021, all people entering the United States must provide **both** proof of vaccination against the COVID-19 **and** a test showing that you do not currently have COVID-19 before you will be allowed to board a plane for the United States. Please read more information about this [here](#). Students that are not vaccinated against COVID-19 and allowed to travel to the United States by air through an exception must self-quarantine for five days. Please account for this when making your travel plans. Fully vaccinated students do **not** need to self-quarantine upon arrival.

Vaccination Requirement: All on-campus students will be required to be fully vaccinated for COVID-19 (defined as 14 days after the final dose) and must receive a booster shot as soon as they

are eligible with a [university-accepted vaccine](#) before arriving on campus. Individuals who are not able to be vaccinated and/or who have not had their record submitted and verified will be required to participate in the COVID-19 testing program. Read details on the [Covid-19 webpage](#). Please have your vaccination status verified by the McKinley Health Center as soon as possible by following the [instructions listed on this website](#).
