

Pre-Registration: Fall 2022

In order to provide students with a fair opportunity to enroll in Law classes, registration at Columbia Law School is assigned by a course lottery in accordance with the [Faculty Resolution on the Allocation of Scarce Instructional Resources](#). Class assignments are made on the basis of student preferences submitted through Pre-Registration.

This chapter provides step-by-step guidance to the Pre-Registration process including course selection, using [LawNet](#) to submit your preferences, information on how the lottery works and special instructions on Pre-Registering for Professional Responsibility, and Legislation and Regulation.

2. Registration Holds

Before Pre-Registration begins, ensure that you do not have any holds on your student account as these can prevent you from participating in Pre-Registration.

Check your hold status via [Student Services Online \(SSOL\)](#), where you will find guidance on the three types of holds that will prevent Pre-Registration when placed on a student's record:

The University reserves the right to withhold the privilege of registration for the following reasons:	Name of Hold:	Only the office that placed the hold may remove it:
<ul style="list-style-type: none"> • Unpaid debt to the University • An academic issue • Immunization Non-Compliance 	<ul style="list-style-type: none"> • Financial Hold • Dean's Hold • Immunization Hold 	<ul style="list-style-type: none"> • Student Financial Services Phone: 212-854-4400 • CLS Registration Services registrar@law.columbia.edu • Health Services Phone: 212-854-7210

3. Choosing Courses

The first step in Pre-Registration is to identify the courses you might want to take.

NOTE: please review the course types that are *included* in and *excluded* from Pre-Registration:

Included	Excluded
<ul style="list-style-type: none"> ▪ Lectures and Seminars <ul style="list-style-type: none"> ○ Unless one of these exceptions 	<ul style="list-style-type: none"> ▪ Clinics and Externships ▪ Courses that require instructor permission ▪ Foundation Courses ▪ Journals and Moot Court ▪ Non-Law School Courses ▪ Non-regularly scheduled class registrations <ul style="list-style-type: none"> ○ Major/Minor Writing ○ LLM Writing Project ○ Supervised Research ○ Supervised Experiential Study ○ Teaching Fellow ○ Unpaid Faculty Research Assistant ○ NYU Courses

There are three tools that you can utilize to identify courses of interest to you:

- *Curriculum Guide*
- *Course Evaluations*
- *Degree Requirement Status (DRS) Report (for JDs)*

➤ *Curriculum Guide*

Up-to-date course information can be found in the Law School's online [Curriculum Guide](#). To find courses, you can search using a range of criteria:

- | | |
|------------------------|------------------|
| ○ Course level | ○ Instructor |
| ○ Course type | ○ Day and time |
| ○ Method of Evaluation | ○ Writing Credit |
| ○ Area of Study | ○ New course |

NOTE: To conduct a course search, you must select *at least* one criterion in addition to Semester.

Once you perform a search you have two options for saving the course information:

- *Create an Excel spreadsheet*, by clicking the “Download Search Results” button. This will download course title, instructor, schedule, type, points, semester, and number.
- *Create a list of “Favorite Courses”* by clicking the hearts next to the course title (this requires you to log in at the prompt). You can then click ‘My Favorite Courses’ to produce the list of courses you have saved, which will include course descriptions and method of evaluation in addition to the information downloaded in the Excel spreadsheet. You will also be able to access this information in LawNet when you add courses to your Pre-Registration choices.

➤ Course Evaluations

Reviewing student evaluations of the courses taught in previous semesters can help you identify courses of interest to you. Course Evaluations can be found under “*Course Evaluation Reports*” under the Student Services menu in [LawNet](#).

Course Evaluation Reports

The form below allows you to browse through past course evaluations. You can select a particular term for which you wish to generate evaluation reports or provide a query for all terms.

Note that you do not have to complete all fields. In the “Course Number” field, you can search by a course number such as “L6108”. The results will yield all sections. If you have selected a “School Year/Term” typing in a few letters of a course name will present a list of course name containing those letters.

Students pursuing a dual degree should note that the DRS does not currently track their degree requirements and should discuss their academic progress and plans with an academic advisor from Student Services. JD/MBA students should meet with [Timur Pakay](#), Director, Reuben Mark Initiative and J.D./MBA Programs

4. How to Pre-Register

Pre-Registration is NOT *time sensitive/first-come, first served*. You can change your selections at any time during the Pre-Registration period:

➤ *Identifying Primary and Alternate Choices*

The Lottery will try to register you for up to 15 points of academic credit (notwithstanding the Clinics, Externships, permission courses and Journals into which you have been accepted) and you can pre-register for multiple courses up to these maximums:

- 3Ls and LLMs – can pre-register for up to 6 primary and 6 alternate courses
- 2Ls – can pre-register for up to 8 primary and 8 alternate courses

To determine which of your courses you should list as a primary course and which you should list as an alternate course, take note of the key difference in their function for the purpose of the Lottery:

Can the Lottery ...	Primary Course Choice	Alternate Course Choice
... register me?		
... waitlist me?		

Because you will not be waitlisted for an alternate class, you should consider the following for identifying an alternate course choice:

- You are interested in taking the alternate course if no seat is available in your primary choice class.
 - ✓ For example, perhaps there are two courses in a particular subject area that would enable you to achieve the same goal but you would only want to take one of them at this time.
 - ✓ You can list the course you might prefer as your primary choice and then list the other course as an alternate.
- Your alternate course choice is another section of the same course you have identified as a primary choice.
 - ✓ For example, in the fall 2022 semester there are multiple sections of:
 - Corporations (3 sections)
 - ✓ If you want to increase your chance of being able to take one of these courses, you can list the section you would most prefer to take as a primary choice and the other section as an alternate.

- Your alternate course choice is scheduled to meet at a time that overlaps with your primary course choice.
 - ✓ Perhaps you have identified two courses of interest which meet at the same time.
 - ✓ You cannot register for both.
 - ✓ You can list the course you might prefer as your primary choice and then list the other course as an alternate.

➤ Adding Primary and Alternate Choices

Having added one primary course choice to your Pre-Registration selection as described earlier, you can continue to add primary and alternate courses up to the limits based on your class standing:

- 3Ls and LLMs – can pre-register for up to 6 primary and 6 alternate courses
- 2Ls – can pre-register for up to 8 primary and 8 alternate courses

Primary course choices:

- *To add* – click on the green plus button to add a new course
- *To change the order of priority of a primary choice* – click on the course box and drag it above or below other classes on your Pre-Registration List

Alternative course choices:

- *To add* – click ‘add alternative’ option in the primary course box
- *To change the order of priority of an alternate choice* – click “delete” to remove the course from the relevant primary course choice and add it to a different primary course choice by clicking “add alternate”.

➤ *How the Lottery Works*

The Lottery was established by the [Faculty Resolution on the Allocation of Scarce Instructional Resources](#) and all students are encouraged to familiarize themselves with these rules.

The Lottery assigns class registrations on the basis of student preference and class standing (i.e. 2L, 3L, or LLM), along with a randomly assigned Lottery number. See below for the multiple steps that make up the entirety of the process.

There are four possible outcomes for each of the steps identified below:

- a) A student is registered in their primary choice and not waitlisted for their alternate choice;
OR
- b) A student is waitlisted for their primary choice and registered for their alternate choice;
OR
- c) A student is waitlisted for their primary choice and not registered for their alternate choice because no seats are available;
OR
- d) A student is neither registered nor waitlisted for their primary or alternate choice because the student has been registered for a higher ranked course that meets at the same time.

In order to optimize the possible outcomes for each student, each primary and alternate course for which a student Pre-Registers is considered by the Lottery.

Lottery Step	Students	Lottery Action
1	LLMs	<ul style="list-style-type: none"> • The Lottery tries to assign a first choice course to LLM students. • Each course has approximately one third of its available seats reserved for LLM students for the purposes of the lottery. ✓ LLM students are assigned a first choice depending on their randomly assigned lottery number, the order in which the lottery considers each random number, and the preferences of other LLM students.
2	LLMs	<ul style="list-style-type: none"> • The Lottery tries to assign a second choice class to LLM students, reversing the order in which students' random numbers are considered. • If a student was considered first in Step 1 they will be considered last in Step 2.

Lottery Step	Students	Lottery Action
3	3Ls	<ul style="list-style-type: none"> The Lottery tries to assign a first choice course to 3L students. Each course has approximately two thirds of its available seats reserved for JD students for the purposes of the lottery. ✓ 3L students are assigned a first choice depending on their randomly assigned lottery number, the order in which the lottery considers each random number, and the preferences of other 3L students.
4	3Ls	<ul style="list-style-type: none"> The Lottery tries to assign a second choice class to 3L students, reversing the order in which students' random numbers are considered. ✓ If a student was considered first in Step 3 they will be considered last in Step 4.
5	2Ls	<ul style="list-style-type: none"> The Lottery tries to assign a first choice class to 2L students. ✓ This is based on the randomly assigned number, the expressed preferences of other 2L students, and the number of JD-reserved seats that have not been assigned to 3L students.
6	LLMs	<ul style="list-style-type: none"> The Lottery tries to assign a third choice class to LLM students, again reversing the order in which students' random numbers are considered. ✓ If a student was considered last in Step 2, they will be considered first in Step 6.
7	3Ls	<ul style="list-style-type: none"> The Lottery tries to assign a third choice class to 3L students, again reversing the order in which students' random numbers are considered. ✓ If a student was considered last in Step 4, they will be considered first in Step 7.
8	LLMs	<ul style="list-style-type: none"> The Lottery tries to assign a fourth choice class to LLM students, again reversing the order in which students' random numbers are considered. ✓ If a student was considered last in Step 6, they will be considered first in Step 8.
9	3Ls	<ul style="list-style-type: none"> The Lottery tries to assign a fourth choice class to 3L students, again reversing the order in which students' random numbers are considered. ✓ If a student was considered last in Step 7, they will be considered first in Step 9.
10	2Ls	<ul style="list-style-type: none"> The Lottery tries to assign a second choice class to 2L students, reversing the order in which students' random numbers are considered. ✓ If a student was considered first in Step 5 they will be considered last in Step 10.

Lottery Step	Students	Lottery Action
11	2Ls	<ul style="list-style-type: none"> The Lottery tries to assign a third choice class to 2L students, again reversing the order in which students' random numbers are considered. ✓ If a student was considered last in Step 10, they will be considered first in Step 11.
12	2Ls	<ul style="list-style-type: none"> The Lottery tries to assign a fourth choice class to 2L students, again reversing the order in which students' random numbers are considered. ✓ If a student was considered last in Step 11, they will be considered first in Step 12.
13	LLMs 3Ls 2Ls	<ul style="list-style-type: none"> The Lottery then tries to assign classes to LLM, 3L, and 2L students in rotating class-standing order, each time reversing the order in which the random number is considered. <ul style="list-style-type: none"> ○ LLM and 3L students will continue to be considered for the 6 primary and 6 alternate classes listed. ○ 2L students will continue to be considered for the 8 primary and 8 alternate classes listed. ✓ The Lottery will assign available registrations up to 15 points and waitlists places for all additional courses.
14	All other students	The Lottery tries to assign classes to Non-degree students.
Final	All	<ul style="list-style-type: none"> The lottery revisits all classes to assess unassigned seats. Students are registered in these classes solely on the basis of the randomly assigned lottery number and in a randomly assigned order of consideration (i.e. without regard to class standing). Possible outcomes in this final step: <ul style="list-style-type: none"> ✓ Unassigned seats reserved for LLM students will be distributed to JD and Non-degree students who have pre-registered for the classes, but waitlisted because of the quota conflict. This can result in a 2L being registered ahead of a 3L student; AND ✓ Unassigned seats reserved for JD students will be distributed to LLMs and Non-degree students who pre-registered for the classes and were waitlisted because of the quota conflict.

Note: The Lottery tries to assign up to 15 points, but students are not guaranteed to be registered for this many points. The actual number of points for which any individual student will be registered by the Lottery will depend upon:

- Availability of seats in the student's chosen classes;
- Time conflicts among the student's chosen classes;
- The number of points for which students will be registered once accepted into clinics, externships, permission courses, and journals.

➤ *Strategies for Ranking Course Selections*

Because an individual student's chance of being registered for any individual class is dependent upon both the randomly assigned lottery number AND the expressed preferences of other students, no lottery outcome is guaranteed and you should focus on what is in your control:

In your control:	What you can do:
Your interests	Prioritize the classes in the order of their importance to you.
Seminars	Consider prioritizing some seminars over lectures, because seminars are typically capped at 18 students so there are fewer available seats.
Mix it up	Do not solely pre-register for seminars; add lecture classes to your selections thus increasing your chance of getting into your chosen courses.
High-demand classes	Talk to your academic advisor about which classes are high-demand to determine how you should rank them.
Alternates	Utilize the alternate course selection feature: <ul style="list-style-type: none"> ✓ This will give you a second opportunity in each Lottery step to be registered in a course of interest. ✓ If your primary choice is full, you can be registered for your alternate if there are seats AND be waitlisted for your primary choice. ✓ Remember that you will never be waitlisted for an alternate course.
Time conflicts	<ul style="list-style-type: none"> ✓ Minimize time conflicts between your primary choices because you will not be registered or waitlisted for any choice if it conflicts with a higher ranked course for which you are registered or waitlisted. ✓ Try to place time-conflicting classes as alternates to each other.
Sections	Sections of the same course are treated as separate courses, so you can list all the sections in your pre-registration choices if you wish. This gives you a greater chance of taking a course that is important to you.
Pre- and Co-Requisites	<p>If you have any questions about whether a prior course satisfies a pre or co-requisite, please contact the instructor.</p> <ul style="list-style-type: none"> ✓ If a course has a pre-requisite and you have a written waiver (i.e. email permission), please forward to our office registrar@law.columbia.edu, so we can manually add the course to your rankings. ✓ If a course has a co-requisite, you must first add the co-requisite to your rankings and then email registrar@law.columbia.edu, so we can manually add the course to your rankings.

5. Negotiation Workshop Pre-Registration

There are multiple sections of Negotiation Workshop. To ensure students have the best chance of registering for one of these sections, the Pre-Registration process is slightly different.

Only **Section 1**, which is not associated with an instructor, will be available for pre-registration and you should rank this section along with your other course selections.

Once you add Negotiation Workshop to your list of choices, an additional window will appear, providing you the opportunity to rank **all** the different sections which are associated with a particular professor

The record of your Pre-Registration choices is stored in the Pre-Registration module in [LawNet](#).

➤ *Lottery Results*

The Lottery will try to register you for up to 15 points of academic credit. The fall 2022 results will be published in LawNet by **mid-August**.

When the Lottery results are published, you will have the option to remove yourself from any waitlists for courses in which you are no longer interested.
