PREPARING TO GO

Packing Tips - What to Bring

- Medicines & contact lens solution - make sure you have enough to last for the whole semester!
- Clothes for all seasons - the transition from season to season brings a multitude of weather changes in London, so make sure you pack some warm and waterproof clothes as well as clothes that can be layered to adapt to temperature fluctuations
- A laptop/tablet - though we do have some to lend on site
- Plugs and adaptors - the plugs are different in the UK so make sure you bring some adaptors for your chargers and other electronic devices - though you can buy them in London
- At least 2 forms of payment – including at least £100 in cash to start

Pro Tip: make sure you can carry all of your own luggage!

Packing Tips - What NOT to Bring

- Hair straighteners and hair dryers - due to the voltage differences these items will malfunction if used with a regular adaptor (even a voltage convertor). You can buy them cheaply in London.
- Bedding blankets and pillows etc - you will be provided with fresh linens in your accommodation. You can buy anything extra when you're here.
- Towels - you can buy these quite cheaply upon arrival and you won't have to worry about them taking up valuable space in your luggage.
- Mace and pepper spray - **these are illegal in the UK.**
- Your most prized possessions or your grandma's heirloom jewelry. It's not worth the risk of being lost or stolen!

What should be in your carry-on

- All documents for Immigration (Passport Control) & Customs - see next slide for details
- All electronics & outlet adapters - **but make sure you can use them in the UK - no point bringing US ones!**
- All prescription medicine and doctor's notes
- Covid vaccine records
- Masks & hand sanitizer
- A change of clothes (for 2 days) in case your luggage gets lost
- Toothbrush

For the definitive packing list, check out the enrolled students page!

Documents for Customs

Remember to bring in your carry-on:

- Passport
- Letter of Attendance (Verto will provide)
- Photocopy of your passport
- CISI insurance card (if you don't have this yet.. Don't worry! You'll receive it in an email soon).

Staying in Contact While Abroad

- Students **MUST** have a cell phone number where they can be contacted while studying in London
- Organise an International Plan through your carrier
- You can buy a British SIM Card.....BUT
 - Be sure to **UNLOCK** your phone if you want a new SIM! This takes at least 2 weeks so be proactive!
